Lions Halloween Carnival Planned

The annual Lions Club Hallowe'en Carnival will be held on Market Square, two blocks Southeast of McKinney public square, Thursday, October 31. R. S. (Bob) Clark, general chairman, announces that a midway will be formed, with concession stands, shows, and game stands. Festivities will get underway at 6 p.m.

The carnival is open to everyone, especially the boys and girls of the city and vicinity. Many free prizes will be given away, for costumes, as well as in free drawings which will be held at intervals during the evening.

Tickets for the door-prizes, which are free, will be distributed to all school children in McKinney, announces Chairman Clark.

This is the fourth annual Lions Club sponsored carnival, always held on Hallowe'en night. The two-fold purpose of the event is to encourage the participation of every member of the club, and to cut down on vandalism which sometimes occurs on Hallowe'en night here. Since the carnival was instituted there has been very little destruction of property here on these annual occasions.

Princeton Man Receives Injury

John Justice of Princeton accidently shot his foot late Sunday after returning home from hunting. He was brought to the City-County Hospital in the Turrentine-Jackson emergency ambulance for treatment.

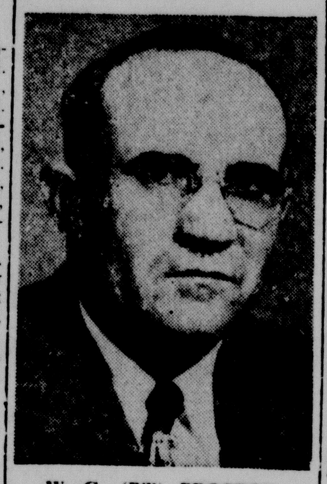
"Flu" Bug Is Spreading To Ward Schools

SUPT. HAILDS PEARCE reports the "Flu" epidemic is subsiding slightly in the Boyd High School, but is now spreading to the L.A. Scott Junior High and the elementary schools in the city. Some ten or twelve faculty members have also been absent from their duties this week, due to the malady.

Absences in High School reached a peak about ten days ago when 176 students were out one day. The absences are now less than a hundred, decreasing each day.

The greater percent of illnesses reported are either "Flu" or severe colds.

W. G. Proctor To Receive 33d Degree



W. G. (Bill) PROCTOR

The first Mason from St. John's Lodge ever to receive the 33d. degree in the Scottish Rite is W. G. (Bill) Proctor, local business man, church and civic leader. The honor will be conferred in Dallas on January 11, 1958.

Mr. Proctor was notified this week by the Supreme Council of the Scottish Rite in Washington that he had been elected to receive the 33d. degree, highest in the Scottish Rite.

The Proctor family came to McKinney from Point, Texas, in 1926 where they have since been a part of our community life. They are members of the Central Presbyterian Church, Mr. Proctor being an Elder. He is also a member of the Lions Club, and is owner of the Proctor Motor Company here.

He began his work in Masonry in 1936, being past presiding officer of the York Rites here, from which he received the Honorary Degree of KYCH, highest award in York Rites. He is a member of St. John's Lodge No. 51, the McKinney Commandery, Haggai Chapter and Haggai Council, and is Orator of the Dallas Council of Kadosh. He is also Past Wise Master of the Dallas Chapter Rose Croix.

In the Grand Lodge of Texas he holds a responsible place on the Committee on Work.

Mr. Proctor is the second Collin County man ever to receive the 33d degree, the first of whom is Hon. Wallace Hughston, local attorney, who is a member of the Plano Lodge. The honor was conferred upon Mr. Hughston a number of years ago.

Both men have brought honor, not only to their fraternal organizations, but to the city and county where they live. Through their leadership in all capacities, they are examples of the highest type for other young men, and Masons to follow.

Mr. and Mrs. Proctor have two sons who are also Scottish Rite Masons. They are William C. Proctor of Dallas and Lt. Commander Loey Proctor, Communications Officer at the Naval Air Base in Hutchinson, Kansas.

Reservations For Game Tournament Close Thursday

McKinney ladies who plan to attend the Game Tournament at the McKinney Country Club Saturday, have until Thursday afternoon to get their tickets and reservation with Mrs. Boyd Williams, ticket chairman.

The tournament is sponsored by the WGA, of which Mrs. Killis Melton is president. Door prizes and score prizes in bridge and Canasta will be given away..

Mammoth Bonfire To Feature Rally

Interest is mounting in the bonfire to be staged Thursday night on the South lot adjoining Newsome Stadium. The Cheerleaders are sponsoring the rally which is free to the public.

A mammoth bonfire will be the highlight of the evening with the student body of Boyd High School participating in the rally. All schools in the city and the public in general are invited to join in the fun.

The rally is staged in honor of the Lions football squad who play their first conference game of the season Friday night when they meet Paris here.

A caravan of cars will leave the Gym at 6:00 p.m. Thursday for the lot where the bonfire will be lighted, at 6:15 p.m.

'Handbook' Aids Local Teachers

By H. D. MOUZON

When the members of the facIty of McKinney Schools gathered at the end of August for their first meeting of the new school year each teacher present was handed a copy of a most interesting and informative document—one that was designed to eliminate much of the confusion that has, in the past, past, arisen over various matters pertaining to the operation of the system, to answer in advance many of the questions that arise from day to day, and to greatly facilitate the work of all school personnel.

This document, compiled by Supt. Hailds Pearce with the cooperation of teachers and principals, is called the "Handbook" and within its covers can be found practically all of the answers to all of the questions that might arise regarding the conduct of the McKinney Schools. Its 44 mimeographed pages contain information on no fewer than 183 topics as listed in the index, all of which is conveniently arranged in such a manner as to make it possible for teacher, principal or other school employee to find the answer to his or her problem with a minimum of effort.

In his foreword, on the first page of the Handbook, Supt. Pearce points out that, "Specific knowledge of these policies," (referring to the operating policies of the McKinney Public Schools) "and conscientious observation of them on the part of the school personnel will maintain a feeling of unity." He continues with a plea for teamwork among employees and emphasizes the point that teamwork is essential in attaining an adequate educational program. The supercintendent tells his employees that teamwork can be accomplished only when all employees are aware of their responsibilities, not only to one another but to the system as a while.

"It is the desire of the administration that each employee will feel his part in carrying forward the great purposes of the American educational system we are privileged to have," Mr. Pearce continues, "May his every action be in the interest of the schools."

Space would by no means permit the listing of all topics treated in the Handboock's text, however, it should be of interest to patrons of the schools to recite here a few of subjects treated in this most complete volume.

For example, there are paragraphs on teacher absences, teacher retirement, tenure, qualifications, certificates required, sick leave, etc.; athletics, assemblies, use of auditoriums and gymnasiums; audits, average daily attendance, board of trustees, books, budget, business office, calendar for the school year; courtesy, college entrance, corporal punishment of students, records and reports, curriculum; discipline, equipment, examinations, faculty meetings, field trips, good housekeeping, graduation; health program, hospitalization insurance, libraries; loyalty pledge, classroom teachers association, lunchrooms, music and band, payroll periods; playground supervision, pre-school conferences, professional ethics, and public relations.

Information can be found in the Handbook on Public School Week, purchase orders, recreation, reports of teachers to principals and of principals to the superintendent, sanitation, salary schedule, school offices, school property, use of school telephones and special education. Staff meetings, suspension of pupils, Texas State Teachers Assn., transportation, vacations, vaccinations, visiting teacher, vocational education, school trips, withholding tax and zoning for elementary schools—everything from A to Z.

There is a section on school building bonds outstanding and another on building plans and how they are made. Still another treats on the subject of the annual school budget and explains the proceedure followed in setting up such a budget.

The issuance of this Handbook will no doubt add much to the efficient operation of the schools in McKinney and will make for even better cooperation between employee and employer in the future.

State President Of Technologists Praises McKinney

John W. Warren, of Houston, president of the Texas State Society of American Medical Technologists, in a recent letter to Tom W. Perkins, chairman of the Board of Governors of the City-County Hospital, expressed appreciation to McKinney for the huge success of the state meeting of the Society held here last summer.

President Warren's appreciation was also expressed in an article which appeared in the October issue of the Texas State Society American Medical Technologists Journal. Under the caption "From the President's Desk," the item follows:

Quote. "Men give me some credit for genius. All the genius I have lies just in this . . . When I have a subject in hand, I study it profoundly. Day and night it is before me. I explore it in all its bearings. My mind becomes pervaded with it. Then the effort which I make, the people are pleased to call the fruit of genius. It is the fruit of labor and thought. Unquote.

The above words very aptly apply to a man known for his outstanding deeds. This man on his own has done a great deal in the way of public relations for our society.

Many of us grumble about our public relations but do nothing else. We do not even take the time to let our local paper know when we attend meetings. That is public relations. If we would do this, then we could go on to bigger things.

Yet you say it cannot be done. It can, It has. For the McKinney Meeting, the State Society made the front page more than once. All through the outstanding efforts of one man. We owe this man a great deal because, my friends, he is not a Medical Technologist.

For his many kindnesses to us, your State Officers presented Tom W. Perkins with an honorary membership in the State Society. We were proud to do so because he has clearly proven that public relations can be well handled.

If he can do it, so can you. Let's follow the example set by Mr. Perkins and get behind him. For 1958, let's each and everyone show him that we too are proud to be a member of the State Society.

I sincerely want to thank the many people who made the McKinney Meeting such a huge success. W. S. Nichols, Administrator, for asking us to make our meeting an annual one and his many kindnesses during the past one. J. Whisenant for the Community Room of the Collin County National Bank. Mrs. Nichols for an excellent breakfast. Dr. Emanuel for his unexcelled efforts as Program Chairman. Dr. Robert Lockwood for his excellent presentation on "Radiation Hazards." Dr. Marshall Searcy for his very informative lecture on "Clinical Aspects of the PBI" To each and every one of you, thank you."

President Warren was also high in his praise of Dr. Emanuel, member of the staff of the local hospital, who was program chairman with District 2 Technologists met in McKinney.

"Hit And Run" Charges In Frisco Wreck

Patrolman Sam Purtle reports two wrecks in the county over the week-end. At 5:40 p.m. Saturday he was called three miels East on Highway 24, near Holder's Store, where a pickup truck had overturned. Alfonso Rameriz, the driver, and Tony Perez, received painfun injuries. A third passenger, Royce Craver, escaped uninjured. Total damage to the vehicle was estimated at $700.

Harris emergency ambulance brought the injured youths to the City-County Hospital. Rameriz suffered a broken knee while Perez had head injuries and lacerations on his back.

At 7:15 p.m. Patrolman Purtle investigated a two-car collision in Frisco, Lonnie T. Day and Alfredo Ledsma, both of that city, being the drivers. Damage was $75 to each car. Patrolman Purtle reports Ledsma was charged with driving while intoxicated, and failure to stop at scene of accident.

John Hooper, who attends Rice Institute in Houston, came up for the week-end. He accompanied his parents, Dr. and Mrs. J. M. Hooper to the State Fair to attend "My Fair Lady" at the auditorium and the SMU-Rice game.

Anna Man Crash Victim In Dallas Late Sunday

Harry Jack Russell, 20, Route 1, Anna, was dead on arrival at Parkland Hospital Sunday afternoon following an accident on Preston Road, a mile North of the Belt Line Road, just over the Collin County line in Dallas County. Russell, driving with his wife, Mrs. Evelyn Russell, 17, received fatal injuries when their car hit a horse, went out of control, crashed over two concrete posts and through a fence. Mrs. Russell received bruises and minor face cuts.

Russell was born at Anna, August 30, 1937, the son of Joe W. and Mary Scott Russell. He was an employe of the Lone Star Gas Company in Dallas, and a member of the Rosemond Baptist Church.

Surviving are his wife, parents, Mr. and Mrs. Joe W. Russell, and grandmother, Mrs. C. W. Russell, all of Anna; a brother, William C. Russell of McKinney; four sisters, Mrs. Katie Lindsey of Dallas; Mrs. Blanche Bailey and Mrs. Naomi Copeland, both of Arlington and Mrs. Tommie Stowe, of Tulsa, Okla., and a host of other relatives.

Plano Man Arrested For Transporting

A Plano man was arrested Friday afternoon by Sheriff's Deputies Jim Standerfer and Robert Ramsey. He had in his possession 1 case of beer and four quarts of wine. The man was charged with transporting.

Sheriff Floyd Williams was in Dallas Tuesday on official business.

Mr. and Mrs. G. W. Bowie and granddaughter, Cheryl Hollon, of Mountain Air, New Mexico, were week-end guests of Mrs. Bowie's uncle, Homer Dowell and wife here. They have also been visiting relatives in Sherman.

Street Bond Issue Approved By Voters

The million dollar street bond issue carried almost 2 to 1 in the bond election called here Monday by the City Commission. The final vote was 525 in favor of the issue with 278 opposing.

The voting was light Monday morning, but by mid-afternoon picked up, and kept the election judge and his workers busy the remainder of the day registering and counting the votes. W. Sims Cameron was election judge.

The over-all project calls for a million dollar street and sewer improvement program to include all streets in the city limits of McKinney. The consulting engineers, who made a complete survey of the city, recently completed their findings and outlined in detail the needs of McKinney's 50 miles of streets.

In explaining the issue prior to the election, City officials visited civic and service clubs of the city, outlining the plan of work, cost and financing. It was pointed out that while a total of $1,000,000 will be needed for the complete job, only $750,000 in bonds can be issued and sold at first because of present bonded indebtedness of the city. As these bonds are retired, additional ones will be sold, to the amount of $1,000,000.

The average tax rate increase needed to retire the $750,000 is 27 cents per hundred dollars valuation.

Mayor George W. Smith pointed out, prior to the election, that the first phase of the rehabilitation program would be the construction of storm sewers in different sections of the city which will cost $350,000, the remainder to apply to the street improvement program.

Mayor Smith said that every street in the city that has even been paved is included in this over-all plan, some of which will be completely torn up and repaved while others will be repaired and resurfaced according to their needs. The public square and streets leading into the downtown area, now paved with brick, will be covered with a two-inch coating of asphalt.

Engineers estimate the work will require approximately a year, and guarantee the improvements to last for a period of 25 years minimum.

Dial Phones To Be Installed In South Collin

On October 15, 1957, the Texas Telephone & Telegraph Company opened bids submitted by the manufacturers for the dial central office equipment to serve the Caddo Mills, Celeste, Nevada and Josephine exchanges. The Kellogg Switchboard & Supply Company of Chicago received this bid.

The bids submitted by the manufacturers will be for the most modern type of equipment upon its installation.

The Gray telephones with koiled kord have already been ordered and will be installed in place of the old standard black phone when dial goes in.

Upon final approval of the bid by R. E. A., the manufacturing of the dial equipment will begin. The Kellogg Switchboard and Supply Company has promised delivery of this equipment within 8 or 9 months.

The dial equipment to be furnished by the Kellogg Switchboard and Supply Company will be the most modern type of dial equipment available upon its delivery. Full selective ringing will be incorporated in this equipment. Full selective ringing is for party line service. When a number is called, only the called number will ring. On the rural lines, this will do away with all telephones on one line ringing. It will also enable the rural customers to have more privacy on the calls received by them.

Contracts have already been awarded for outside plant construction.

Local Fireman Answer Three Calls

McKinney Fire Department has had only three calls, one inside the city limits and two in the county last week.

On last Thursday there was a fire at a house at 702 Jefferson Street. Considerable damage was reported.

A television transformer caused a blaze at the Harry Bloss farm northwest of town on October 10 and a barn and 500 bales of hay were destroyed in a fire west of Culleoka on Saturday.

Henry and Evalena Green who reside in the Lucas Community lost their home and all furnishings in a fire on Thursday, Oct. 10. The couple was in the field picking cotton at the time.

Sputnik Is Sighted Over McKinney Sunday

J. C. Andrews reports that Sputnik was clearly and unmistakably visible Sunday morning at 5:02 to 5:05 o'clock.

It first came into sight slightly North and West of directly over-Head, traveled through the corner of the constellation Orion, almost eclipsed the bright star Sirius and faded out of sight into the South and East, having taken about three minutes to cross the Heavens in the North-west-Southeast orbit.

For anyone who wishes to look, the Moon is on an accelerating schedule, gaining nine minutes each 24 hours in its appearances. Friday morning it was reported visible by Dallasites at 5:20 a.m.; Saturday at 5:11 a.m. Sunday, as seen here at 5:02 a.m.; Monday at 4:53 a.m. and may be seen Tuesday morning, if the skies are celar, at 4:44 a.m.

Mayor Smith Thanks Voters For Bond Support

TO THE PEOPLE OF THE CITY OF McKINNEY:

Yesterday, October 21, 1957, marked another milestone in the history of our City. You, the people, approved the largest bond project ever presented to you for any civic improvement. As a result, with full knowledge of what will be done, you approved the repair, re-construction, and renewal of your City street system. With all humility, your City Commission is proud of what can be regarded as a vote of confidence and can now forget the long hours of work and mental anguish required to bring the project thus far. Yes, it can face the greater task of completing the job for you with the knowledge that our City has taken its first great step toward being a better City. From the bottom of our hearts, we want to thank you, the people of McKinney, not for ourselves, but for the City of McKinney. The end result of the balloting yesterday can only result in a better, cleaner, healthier City for everyone.

FERTILIZERS MAY DOUBLE PROFIT FROM WHEAT

Proper fertilization of wheat and oats has doubled the acre returns for some farmers in Denton, Grayson, Collin, Cooke and Fannin Counties, according to records of C. O. Spence, who is in charge of Off-Station research conducted by the Denton Experiment Station.

Under his supervision, farmers in these counties have conducted experiments, on their own land. These tests have shown that the use of commercial fertilizer can double the profits from small grains, under good conditions.

These "Pilot Plot" or "on the farm experiments" have solved many of the perplexing fertility problems that were so baffling only a few years ago. By so doing, they have enabled farmers of the area to double their profit from small grains.

It takes different fertilizers to produce the best on different soils of the area, according to Spence. This is one reason that experiments on the farm have been so successful. These experiments find out the best fertility treatment for the soils in each community.

The major nutrients that have given the biggest increase in yields are nitrogen and phosphorous, according to these Pilot Plot results. On some heavy blackland soils, the best fertilizer ratio has ben a 1-10, a 0-1-0, or a 1-0-0 fertilizer has been the most profitable.

The term fertilizer ratio is used to indicate the comparative amount of different nutrients. For example, a 1-2-0 fertilizer would have one pound of nitrogen to each two pounds of phosphorous and would not contain any potash.

The phosphorous part of the ratio was applied in the fal at planting. The phosphorous went down the same shoot with the seed. Nitrogen was applied as a top-dressing in the spring (usually March).

On many of the Houston blackland soils of Collin and Grayson Counties, a topdressing of 30 pounds of nitrogren is all that is necessary. On these soils, nitrogen has increased the yield of wheat an average of 9.7 bushels per acre in numerous tests on farms since 1948. On other blackland soils in these counties, it has taken a 1-1-0 ratio to give the expected increase in yields.

Sometimes it is difficult to tell which fertilizer would be the best. However, if the winter growth of small grains is not as much as normal, it will probably pay to apply phosphate at planting time. Another indication that the plant is suffering from lack of phosporous is a bunch habit of growth and narrow leaves that tend to twist at the tip end. In the most severe cases of phosphorous deficiency, the margin of the leaf will have a reddish-purplish tinge.

By moving the experiments out on the farms and tackling the problems of low small grain yields, the Experiment Station has made much progress in finding the answers and developing a more practical fertilization program. Results of these tests are far reaching, and could enable the average county of the area to increase its income from smal grains by over a million dollars annually, Mr. Spence concluded.

1 cup corn meal
1 teaspoon salt
1 tablespoon fat
¾ cup water

Melt fat in thin or aluminum cake or pie pan in which the pone is to be cooked. Heat water to boiling and immediately pour over meal and salt. Add melted fat. Stir to blend well. As soon as mixture is not too hot to handle, divide into four equal portions. Form each portion into a pone about ¾ inch thick by patting between the hands. Place in pan and bake in hot oven (450 degrees F.) until a light brown crust is formed (about 30 minutes).

CLOTHES CLOSET CROWDED? TRY A REORGANIZATION JOB.

Do you have to cram all of your clothes into one small closet? If you do, perhaps a good fall closet cleaning with an eye toward a different arrangement will help solve your problem.

Extension home management specialists suggest starting at the top of the closet with hats. A square hat box uses the shelf space to better advantage than a round one. Find a box as large as the shelf will take so more than one hat can be tucked into it. Liberal use of tissue paper keeps the hats in good condition. If shelf room is limited, perhaps a second shelf can be added.

Lower down, the rod for hangers might be changed from a single one, the full width of the closet, to shorter ones installed from back to front. This arrangement adds space and convenience especially in shallow and wide closets.

On your rod or rods, hang garments by sections according to lengths—blouses to the back or end, then suits and skirts and lastly dresses. Under the short pieces you will have storage room for boxes of out-of-season garments.

If your closet still is too stuffed, take a good look at your wardrobe. A garment you haven't worn in months probably isn't so valuable to you as the closet room.

Good closet accessories will help keep your wardrobe in good condition. You can make your own shoe bags, hat boxes, glove boxes and dress covers. Directions are given in a new extension bulletin, "Facts About Clothing Care." Copies are available from our office.

Senator Ray Roberts Attends Special Session

The following article appeared recently in the Sherman Democrat concerning Senator Ray Roberts of McKinney, which was reported by the Democrat Austin Bureau.

Sherman and Grayson County are a part of the Senator's District.

AUSTIN—As far as Sen. Ray Roberts of McKinney is concerned, the business of the special session of the legislature could have been handled last spring.

The McKinney senator means by that he was supporting the same measures in the regular session, and that he will support them again this time.

Roberts, who represents Grayson and five other North Texas counties in the upper house, will play an important role in water legislation. He is co-author of the bill to set up a state water planning agency and to authorize state purchase of water storage space in federal flood-control reservoirs. He is also vice-chairman of the Senate committee on water and conservation, which will have a public hearing Thursday on the bill. Since Chairman George Parkhouse will be handling the bill, Sherman's senator likely will preside over the hearing.

◆ ◆ ◆

SPONSOR OF BILL.

Roberts was a sponsor of the same bill in the reular session, when it died on adjournment. He was also sponsor in the spring session of the law enforcement bill, which is one of the five subjects for which Gov. Price Daniel called the special session.

Roberts also voted for the lobby control bill in the spring session, and intends to support a strong one this session.

The fourth subject for the special session has Roberts' strong support. It would require registration of those who practice before state agencies, and would prohibit legislators from appearing before state regulatory boards for a fee. This recommendation arose after newspapers had revealed that many legislators are using their influence before the boards whose salaries they set.

"With the voters getting ready to pass on the subject of $7,500 annual salaries for legislators, such a probhibition is entirely proper," Sen. Roberts said. "If legislators are paid a full-time salary, they have no business practicing law before state agencies, representing their clients for pay instead of the people who elect them."

◆ ◆ ◆

PROPOSAL NOT POPULAR.

Sen. Roberts realizes that the proposal isn't popular among lawyer-legislators, but he is supporting it fully.

The fifth subject, appropriation funds to build a state-owned building to house that agency, was another for which Sen. Roberts voted in the spring. The regulatory agency is now paying over $70,000 a year rent to an insurance company. Sen. Roberts thinks it would be far better to have it in a state-owned building of its own, which 10 years' rent would pay out.

The McKinney businessman thinks that the state program of water planning will be of great help to the entire state, including the North Texas counties he represents. A long-time supporter of the upstream water conservation program of the U.S. soil conservation service, he is pleased that the bill as finally worked out by Gov. Daniel's 150-member water committee contains a requirement that the small flood-reardation projects are to be made a part of the statewide master plan.

"I believe that the planning program could be handled better if we would reorganize the state board of water engineers along the lines of the state highway commission," Sen. Roberts said. "But I'm afraid that would cause of ruckus which might block the bill, and so I'm willing to take what we can get now and let reorganization wait until later."

Sen. Roberts was a member of the Texas Water Resources committee which made a four-year study of Texas' water needs and recommended 14 new laws, including the one for which the special session was called. Ten of the 14 were passed at the regular session in the spring.

Sen. Robert expects the five subjects to be disposed of within the 30 days allowed for a special session under the constitution. During the reguplar session,. he was one of the 10 members of the appropriations conference committee which wrote the state's spending bill for the current two years, devoting a great deal of his time to that work. With appropriations not on the agenda for the spceial session, Roberts will be free to work on the other legislation in which he is interested.

The McKinney senator will finish up his first term in the senate in 1958, when he will be a candidate for a second term.

Recent guests of C. A. Turrentine and daughter, Mrs. Roy Crowder, were Mrs. Reba Boyd of Vashon, Wash., and Mrs. Gertrude Davis of Fort Worth. Mrs. Boyd's husband, the late Rev. W. G. Boyd, is a former pastor of the Wilcox Street Methodist Church.

Collin Farmers Get High Yields From Hybrid Sorghums

High yields from hybrid grain sorghum were reported from all sections of Collin County this year according to Wayne Cranfill, Associate County Agent.

This was the first year farmers were able to buy the hybrid maize seed on the market. This was made possible by about 20 years research work conducted by the Texas Experiment Stations. One of the amazing things of the Texas hybrid that the seeds are white when planted and when mature the grain is red.

A new Texas variety called Texas 630 will be available next year. This will be the first white hybrid variety when mature of the Texas hybrids. Our highest yielding variety for this area has been Texas 610 followed closely by Texas 620. These varieties have produced from 25 to 30 per cent over our standard maize varieties.

Several test plots were conducted in the county this year by Wayne Cranfill, Associate County Agent. James Hedrich, Blue Ridge, hybrids maize made 3283 pounds per acre, with Martin variety making 1578 pounds per acre; Orville McDonald, who lives in the Winningkoff Community, had Texas 610 that made 3000 pounds compared to 2200 pounds for Plainsman.

Since, maize is more drought resistance than corn and with the high yields from maize, more more acres will go into grain sorghum this next year if the price continues to stay up, states Cranfill.

St. John's Lodge of McKinney sponsored the occasion, which was the seventh cornerstone laying ceremony by Grand Lodge officers in Kinney.

Chamber of Commerce ...

CORNER

By PAT SIMPSON
Manager

Very often people ask: "What is the Chamber of Commerce and what does it do?" This is a difficult question to answer. Your Chamber of Commerce is composed of 321 members who are pooling their efforts to make McKinney a better place in which to live. To pinpoint the results of these efforts is difficult because there is no way to tell just how much influence your Chamber of Commerce has had on the results.

To ask what the chamber of commerce does is similar to asking what good the church and minister do in a community. It is hard to point out specific instances of good the church is doing, but you would not live in a community without a church, and you would shudder to think what the present day world would be if there had never been a church.

The Chamber of Commerce is also a place where citizens of the community can come together and discuss needs of the community and the best way to meet these needs. For instance, we have a great Veterans Administration Hospital, Lake Lavon, and a super highway to Dallas. The Chamber of Commerce might not claim total credit for these things, but the first talk of and planning for these things originated at the Chamber of Commerce and years of work followed.

Our good friend and Chamber of Commerce worker, James E. Ferguson, (no relation to former Governor) has a very remarkable Persian cat. Jim's cat was finding mice hunting thin at home since Jim lives in a new mouse proof apartment, so as Jim opened the door to admit his cat after his night prowl he dashed in with a live mouse in his mouth. The cat enjoyed the mouse for a while in the living room, letting him loose and catching him as he started to run, much to the amusement of Jim. Result: the cat let the mouse get too far ahead one time and now Jim is trying to exterminate the mice in his apartment.

Miller Infant Passes Away In Sherman Hospital

Calvin Keith Miller, infant son of Mr. and Mrs. Odell Miller, 1306 Gough Street, died Wednesday at 8:25 p.m. in a Sherman Hospital after several days illness. The infant was born in McKinney, September 5, 1957, being six weeks old at the time of his death.

Funeral services were at 10:30 a.m. Friday in the Turrentine-Jackson Chapel, conducted by Rev. Tommy Watson, pastor of Waddill Street Baptist Church, with burial at Cottage Hill.

Suriviving are the parents, and grandparents, Mr. and Mrs. Johnny Miller of McKinney and Mr. and Mrs. L. J. Bean of Aubrey.

Dairymen Advised To Check Equipment For Colder Weather

The summer season is over and the fall session is now underway. Dairymen should now begin checking their management to make sure that they are ready for the colder weather that lies ahead, advise A. M. Meekma and J. W. Davis, extension dairy husbandmen, at College Station.

Cow comfort is one of the more important points to check for the cominng months, say the husbandmen. A dissatisfied, uncomfortable cow is not going to perform at her best. Special attention should be given to good feed and adequate shelter, and remember that contented cows usually make a more contented dairyman.

Determining the best feed to buy is another problem that must be confronted. Meekma and Davis remind. Feed prices often change from season to season and deciding which one to bpy is sometimes difficult. For help in solving this problem, they advise seeing local county agents for the publication, MP-167, "Which Feed is the Best Buy?"

The specialists also advise dehorning now that the normal fly and screw worm season is about over. dehorning wil lsave psace at the feed rack and in the shelter barn. It will also prevent painful injuries to cows and heartaches to the owner. There is no place for horns in the modern dairy herd.

Any herd can be improved by culling lowest producers, hard breeders, and least desirable cows. Now is a good time to cull those cows that will not carry their part of the load during the coming winter months. It can be unprofitable to carry any "dead weight" through the winter.

Mr. And Mrs. Moore Appreciate Kindness Of Their Friends

Mr. and Mrs. George Moore are deeply grateful to their host of friends for the many lovely and useful gifts presented them recently.

It will be remembered that the Moores lost of their home and contents by fire recently, and were honored by a group of friends with open house and a miscellaneous shower at the home of Mr. and Mrs. Drake on Hill Street.

Mr. Moore is owner of the Tucker Street Grocery store, and with his wife, are active members of the Waddill Street Baptist Church, as well as interested in the civic welfare of the city. They feel a closer relationship with the people here, for their thoughtfulness in honoring them at the recent party, and for many other kindnesses shown them. They are a popular couple whose friends throughout the city, are legion.

Mr. and Mrs. John Baker, son Gary and Miss Maude Childress of Carlsbad, N. Mex. are visiting their father, Mr. J. W. Ruyle and their aunts, Mrs. Bill Standifer, Miss Ellen Ruyle and other relatives here.

All District 6-AAA Teams See Action This Week

By NORMAN SCOTT

All Distirct 6-AAA elevens swing into action this week after a lone conference encounter last week.

In a conference tilt last Friday, 1956 co-champion Gainesville defeated Sulphur Springs, 25-13. An 85-yard return of a kick-off by the Leonards' quarterback, James Scribner, featured their win over the Wildcats.

In non-conference action last week, Paris dropped their fifth straight game to the Marshall Mavericks, 20-14, and Mt. Pleasant outscored Jesuit of Dallas, 33-20.

McKinney and Greeville enjoyed open dates.

Most observers are rating McKinney, 1956 co-champion, Greenville, and Gainesville, in that order, for the district title, and no doubt, some lively battles are in the making as the elevens start playing "for keeps."

This week's full slate of district warfare finds Paris at McKinney, Greenville at Sulphur Springs, and Mt. Pleasant at Gainesville.

Royse City Trims Whitewright By Score 81-0

The victory-hungry Royse City Bulldogs rolled over a defenseless Whitewright, 81-0 at Royse City Friday night for their twenty-fourth straight win and third District 12-B victory.

In quick fashion, the Bulldogs' first string rapped up a 34-0 lead in the first quarter and turned over the rest of the game's action to the second stringers.

Whitewright's Tigers managed to mount only one threat, but it got no farther than Royse City's 21-yard line.

The sparkplug of Coach Johnnie Henderson's bulldogs was Halfback Danny Davison, who blazed across the goal lines five times on run and pass plays.

Chipping in with two touchdowns apiece were Wendell Brockaway and Clarence Nixson. Rudy Walker, Mike Holland and Harry Clark, who also had their share of the ball carrying chores, each scored a touchdown.

The final score was given a hefty boost by Bobby Crowell, who converted nine of Royse City's 12 touchdowns.

Van Alstyne Beats Anna By Score 19-6

The Van Alstyne Panthers scored their first District 12-B victory by beating the visiting Anna Coyotes 19-6 at Van Alstyne Friday night.

Panther Halfback Bobby Gouard scored two of the touchdowns—one on a 21-yard dash and the other on a 27-yard run. The other Panther TD was made by Halfback Eugene Bell. Quarterback Robbie Walker passed to End Charles Williams for the lone extra point.

Anna's only TD was scored by Halfback Royce Shaw from the three.

Community Wins Over Blue Ridge

In Thursday night's game at Nevada, Community High defeated Blue Ridge 33 to 20. Coaches of the teams are Garland Lay of Comunity and Charles Thompson of Blue Ridge.

Next week Blue Ridge plays at Prosper while Westminster will go to Nevada for a game with Community.

Doty Bobcats Defeat Plano

The Doty Bobcats continued their winning streak Friday night by defeating the Plano Panthers 18 to 0 at Newsome Field. The scores all made in the last half, were made by William Thornton who ran 50-yards for a touchdown; R. Q. Greer, who scored from the 2-yard line and Jerry Keily, who ran 50 yards to score during the last few minutes of play.

A highlight of the game was the half-time parade of bands from both schools and crowning of Madeline Berry as Queen of Doty High. Madeline, a 9th grade student is the daughter of Eleanor Berry, and won the honor during a recent Queen's contest conducted in the school.

County Chapter To Conduct Survey Post-Polio Patients

A countywide survey to discover the current rehabilitation needs of all post-polio patients will be conducted this month by the Collin County Chapter of the National Foundation for Infantile Paralysis, Wade Underwood chapter chairman, announced today.

The local survey is part of a nationwide project by the National Foundation to compile a roster of polio casei of all ages and degree of disability, regardless of date of onset. The canvass here is to be completed by Nov. 10.

"Modern medicince has made impressive strides in developing new rehabilitation techniques in recent years," Mr. Underwood said. "Pilot surveys already undertaken show that there are thousands of polio-handicapped in the United States who have not yet had an opportunity for medical evaluation to determine if they might benefit from these new techniques.

"Some of the techniques employed today for those disabled by polio and other causes were unknown or unused as recently as 10 even five years ago.

"The March of Dimes organization, having scored a tremendous victory in its war on polio, does not now propose to walk off and leave the wounded behind, so long as help for them is possible. We wish to find everyone who has had polio, whether paralytic or non-paralytic. We want to know what their special problems may be, so that they may be helped to regain useful lives, if humanly possible, even though it will take a considerable period of time."

Mr. Underwood said that the roster was to be made in close cooperation with the Collin County Medical Society and member physicians. The Department of Public Welfare, Office of Vovational Rehabilitation, State Crippled Children's Service and county school systems also will cooperate.

Information sought for each patient includes whether he is employed or attends school, if he can climb stairs and dress himself, whether he receives regular treatment and if he uses a respiratory aid. Information gained will be helpful to all such agencies and organizations.

Mr. Underwood asked that all persons who have ever had polio—whether disabled or not—send their names and addresses directly to Wade Underwood, Collin County Chapter, National Foundation for Infantile Paralysis, care Singer Sewing Machine Co., McKinney, Texas.

Senior Choral Group Sings For Lions Club

The Senior Choral group of Boyd High School was presented in a most entertaining program Wednesday noon at the Lions Club luncheon. Mrs. Melba Davenport, director, conducted the choral singing with Ralph White Jr., as the piano accompanist.

Lions Worley Smith and Frank W. Smith, program committee for the day, expressed appreciation to the talented group for the very delightful entertainment.

The meeting was held at the First Christian Church, with other guests including the following: Mrs. W. L. McHone, guest of Mrs. Virgil Stogdill; Al Kerson of Farmersville, guest of Lion Raul Saba; Dave West, guest of Lion Tom McMullen; and Lt. Claude McCandless Jr., of the U. S. Navy, Corpus Christi, guest of Lion James Stewart.

Tailtwister Bilderback conducted a short "session" before the program.

President Leroy Richardson announced the annual Ladies Night banquet for Thursday evening, October 24 at 7 o'clock at the First Christian Church.

All Lions and their ladies who expect to attend, are requested to turn in reservations with Secretary Charles W. Graves Sr. immediately.

Bob Clark, general chairman of the annual Lions Carnival to be staged on the McKinney Market Square Hallowe'en—October 31—reminded the club of the three-fold purpose of the Carnival since it was originated here in 1953. Designed to keep children off the streets on Halowe'en by entertaining them at this annual event; as a means of raising funds to carry on the welfare work of the club, and for a joint participation of the club members, it has been most successful.

Events Chairman Audie Turrentine named the various committees and urged every Lion to take part in this year's carnival. Wives of the members will be asked to donate home-made cakes and candy for the events, and Chief Jack Pike, announced that members of the Police force would call for and deliver the cakes on carnival day.

Names of all committee members will appear in the Daily Courier-Gazette columns within a few days.

Humorist To Speak At Lions Ladies' Banquet

CAYCE MOORE

The McKinney Lions Club will have the annual Ladies Night banquet Thursday evening, October 24 at 7 o'clock at the First Christian Church.

Speaker for the evening is Cayce Moore of Hearne, regarded as "America's No. 1 Barber, Philosopher, Humorist."

The committees to arrange for the banquet, as announced by President Leroy Richardson, are:

Program—James Stewart, Elliott White, T. E. Wyatt, Hailds Pearce, C. H. Ray, Lawrence and A. M. Wolford.

Arrangements—Mr. and Mrs. G. D. Ledbetter, Mr. and Mrs. Garner Jones, Dr. and Mrs. J. P. Derrybeery.

Favors—Charles Winniford, Dr. Julius Smith, Leon Allen.

In securing Mr. Moore for the guest speaker, the program committee has arranged one of the most enjoyable affairs ever held by the local club.

He is a natural showman whose stories are fast moving, and humorus.

One day, a few years ago, Cayce Moore was working in his barber shop in Hearne, Texas when Ted Rickenbacher, editor of the Hearne Democrat, dropped in for a haircut and some of Cayce's famous barber shop philosphy.

Upon suggestion of the editor, he began a column for the local newspaper and within six months excerpts from his column were reprinted in most of the large dailies throughout the state. He was featured in magazine spreads as the reading public wanted to know more about the columnist with the distinctive humorous style.

About the time he was hitting the top as a writer, he turned to another pastime, his favorite and most accomplished hobby—the art of talking. His witty, casual style was an immediate success, and he soon was receiving invitations to talk at many other places.

His years on the farm in East Texas, in the barber shop and experiences while writing a column have enriched him with a colorful background of wit and humor and many times his talks are a repeat request. In fact, the philosophizing Texas barber with his own special gift of gab is fast becoming one of the country's most popular entertainers.

Local Lions and their ladies are looking froward to their Thursday night party and the entertainment which has been planned.

Mrs. Eva McKinley Of Denison Buried Here Wednesday

Mrs. McKinley is survived by her husband, John McKinley of Denison.

Public Invited To Pep Rally Thursday Night

The Cheer Leaders of Boyd High School are staging a big bon fire Thursday night on the lot south of the football stadium, to which they invite the general public. The big bon fire and pep rally will be a forerunner of the first conference game for the Lions squad this year when they meet Paris Friday night.

Townspeople are invited to join the pep squad in arousing interest in the game, and show their support of our football boys by attending the rally.

A caravan will leave the Gym, on College, at 6:15 p.m. Thursday and go from there to the above location. It is expected that a big crowd will take part in this festive occasion.

Cheerleaders who are in charge of the event are Misses Patty Perkins, Judy Howell, Lue and Sue Nixon, Mary Ann Joplin and Linda Robinson. Mrs. George McCoy is their sponsor.

The girls ask McKinney merchants to save all of their boxes and crates, to be used in building the big fire. The FFA boys will be in town Thursday morning to collect them and take them to the football field.

Three Minor Wrecks In City On Saturday

Chief Jack Pike reports three minor accidents in the City on Saturday. The first, at 6:20 a.m. occurred near the Tennessee intersection of Hunt street, when a car, which had been parked near the curb rolled down the street, into an approaching truck driven by J. B. Hodge. The brakes evidently failed to hold, causing the car to roll. No one was hurt but estimated damage was $75 to the car, and $5 to the truck.

Cars driven by William Richard Taylor of Denison and Jim Bob Graves of Melissa, were in collision at 10 a.m. Saturday at Standifer and Highway 75. Total damage was $150.

At 1:05 p.m., corner White and College street, two cars, driven by Kenneth Wesley Riddle and James Alfred Jeanes were in collision. No one hurt.

Other activities of the police department, included the arrest of a man, charged with theft of tires and wheels, which have been recovered. Four "drunks" were also arrested.

The county officers also jailed several "drunks" over the week-end. Constable Hester Lewis, did patrol duty with Deputy Fred Thomas in the absence of Deputy Brooks, who was ill. They picked up three drunks at Farmersville, Saturday night and one at Blue Ridge, Sunday.

Deputies Jim Standerfer and Robert Ramsey arrested two men at Princeton Saturday for drunkenness.

The Baptist Church at Lucas is undergoing a new paint job as well as other improvements at this time.

"Bean Recipe" Not Included In Degrees

A man who has never been kitchen-broke should be able to ask a neighbor woman an ordinary question about cooking and receive an ordinary reply. But not, perhaps, in the case of Dr. Sneed.

Dr. Glenn Sneed, retired Presbyterian minister, a McKinney native and former pastor of Dallas and New Orleans, La., churches, lives at Ingram near Kerrville with his sister, Miss Bess Sneed, a former missionary to Mexico.

The neighbors know Dr. Sneed holds degrees from Texas A&M, Trinity University of San Antonio and Union Seminary of New York City.

When his sister became ill, he took over the cooking, and asked the neighbor woman how long beans should be cooked.

Looking at him amazed, she said, "Why Dr. Sneed, here you are with three degrees and you can't even cook beans."

C Of C Endorses Project Of History Society

The Directors of the McKinney Chamber of Commerce meeting in regular monthly session on Sept. 17, 1957; voted by motion duly made and passed; to go on record as endorsing the project of the Collin County Historical Society to place an Army Surplus Tank in Finch Park in McKinney, Texas, the same to serve as a memorial to the Heroes of World Wars I and II from Collin County, Texas.

In endorsing this project the Directors of the McKinney Chamber of Commerce feels this will be a fitting memorial and that the Collin County Historical Society has offered a workable plan whereby this project can be financed by contributions from citizens of the County at a very nominal cost. The Directors express appreciation to the Collin County Historical Society for its efforts in securing this memorial.

Recent guests in the home of Mr. and Mrs. Tilman Riley in Blue Ridge were their children, Mr. and Mrs. Paul Wayne Riley of Mesquite, Mr. and Mrs. Talmadge Howell of Dallas.

Charles and Mike McCreary visited their grandparents, Mr. and Mrs. Jack McCreary at Lucas.

Mrs. Benjamin Hill Jr., left Friday for New York City to spend the next two weeks.

EARL HARVEY

The Wesley Memorial Methodist Church will begin a revival meeting on Thursday evening, October 24 which will continue through Sunday, November 3. The Rev. Earl Harvey will do the preaching while Rev. S. J. Hemphill will conduct the singing. Rev. J. B. Hibbert is pastor of the host church.

The congregation feels fortunate in securing the services of such able ministers. Rev. Harvey, the evangelist, is pastor of the Axe Memorial Methodist Church in Garland, where he has served for the past two and a half years. He is a native of Dallas where he received elementary and high school education and graduated with B.A. and B.D. degrees from Southern Methodist University. He did further study at Yale University, then served as associate pastor of First Methodist Church, Paris, Texas.

Rev. Harvey spent two and one-half years in China as a commissioned missionary of the Methodist Church. He was forced to leave when the Communists took over. Since his return from China, he served as pastor of the Wesley Methodist Church in Sulphur Springs, for four years before moving to his church in Garland, Texas. Rev. Harvey and his lovely wife have a four year daughter, Carol Lynn.

Rev. Hemphill, from the Oklahoma Conference, the song director is experienced as a music director for revival meetings. He is currently doing work in the Perkins School of Theology in Southern Methodist University. Rev. Hemphill and wife reside in Dallas.

In behalf of the membership of the Wesley Memorial Methodist Church Rev. Hibbert, the pastor, invites the general public to attend any or all of the services.

Sam Hurst Passes Away In City-County Hospital Monday

Sam Hurst, 53, of 1101 West Street, passed away in the City-County Hospital Monday afternoon at 5:50 o'clock. Bi-Weekly Club At Allen Has Initial Meeting

The Allen Bi-Weekly Club met in the lovely home of Mrs. Gene Ereckson there October 14 with Mrs. S. P. Roddy as hostess. Mrs. J. D. Goodman Jr., the new president, presided over the first meeting of the year.

Mrs. Grover Mathews brought an interesting lesson on "Esther, the Queen."

The club colors of white and pink were carried out by the hostess in decorating the house. An artistic arrangement of carnations in these colors centered the table. A delicious luncheon was enjoyed by the ten members present.

The next meeting, October 28, will be with Mrs. Grover Mathews.

Mrs. Vena Phillips left this weekend with a Garland party on a deer hunt to Red River, New Mexico. They will be gone about ten days and expect to return by Denver and Colorado Springs.

KEEPS TRAFFIC MOVING IN BUSINESS DISTRICT

—Photo by Scott Studio

Ray Williams, member of the McKinney Police force, assumed his new assignement in June as Motorcycle Officer. Prior to that he had been with the City Patrol for a year and a half.

Officer Williams' chief duty is checking traffic in the downtown area, but he also keeps a close watch on traffic meters, where tickets are issued for over-parking.

Fire lanes and parking zones are keep open by the regular patrolling of the officer, who also prevents double-parking in the business sections and on streets leading off the quare to keep traffic moving quickly and safely.

Officer Williams assists with parades and serves as an escort to funeral possessions, and along with his many other police duties, helps repair parking meters.

At all times he is courteous, and in the performance of his duties, regardless of the situation, maintains a smile. Though confronted with many problems, he is able to handle them in an efficient manner, and is ever ready to assist motorists with directions, or in any phase of traffic regulation. He is considered one of the most loyal members of the local police department.

Mr. Williams is a native of Collin County, born and reared at Wylie, being the son of Mrs. Leona Williams and the late T. W. Williams. He attended school there, and then went into the Army where he served a year in Korea. During that time he was with the Military Police, where he received his background in police training.

He is married, his wife being the former Miss Helen Campbell of Princeton. They are the parents of two lovely little daughters, Monica, aged 8 and Phyllis, aged 3. The Williams family, members of the Princeton Church of Christ, recently moved to McKinney, having purchased a new home at 302 Franklin Street.

All McKinney is proud of the fine men on or police force, and the wonderful job they are doing in enforcing the law. We are especially proud of the new Motorcycle Officer and the splendid manner in which he "keeps traffic moving" in our congested business areas.

Mrs. A. E. Cain Is Hostess To En Ami Club

Mrs. A. E. Cain was hostess to the En Ami Club at her home Tuesday evening with Mrs. Elmo King as cohostess. The president, Mrs. Bob Clark, presided over the business session. Plans for guest evening were discussed after which roll call was answered with chosen topics.

Mrs. Lavohn Boyette was welcomed as a new member.

The program was given by Mrs. J. E. Wilcox and Mrs. Noble Wright. Mrs. Wilcox discussed the early history of Mexico while Mrs. Wright told of her trip made to that country the past summer. Movies were shown of historic and scenic points.

The hostesses passed a delicious dessert plate depicting the club colors of pink and green.

The club adjourned to meet October 29 with Mrs. Glenn Mitchell.

Game Tournament Saturday At Country Club

The WGA of the McKinney Country Club will have a game tournament Saturday, October 26, beginning at 1:30 o'clock. Mrs. Killis Melton, president, announces that door will be given away as well as favors for high and low score in Bridge and Canasta. Refreshments will also be served.

The tournament is open to every one, the tickets priced at $2 each. Mrs. Boyd Williams is ticket chairman, and asks that all tickets be bought by Thursday.

Each of the stores donating gifts for the tournament will be given complimentary tickets.

Local Group Attends French Exposition

Mesdames Burrus, Kenneth Long, Frank Martin, Charles T. Ritch, Walter Schubert, Raymond Neal and Sherwood Day, and Miss Madeline Moses attended the French Exposition at Neiman-Marcus Thursday evening. They were dinner guests in the Zodiac Room, converted for the Exposition into a replica of the famous restaurant, Maxim's in Paris, France.

Mrs. Florene Gateley of Dallas, sister of Miss Moses, joined the McKinney group for the evening.

Mrs. T. P. Duncan of Wichita Falls, Mr. and Mrs. Albert Smith and Mr. and Mrs. Byrd Coleman of Dallas, were recent guests in the home of Mrs. Jack Smith and family and Mr. and Mrs. Oscar E. Smith, here.

Altar Society Plans Bazaar In December

The Altar Society of St. Michael's Catholic Church met Wednesday night in the home of Mrs. G. M. Britton, 1905 Westway. This was a sewing meeting at which time items were made for the Christmas Bazaar, planned for December 6 and 7.

The bazaar will be held in the old Collin County National Bank building on the East Side of the public square at which time aprons, pot lifters, fancy pillows, dolls and doll clothes and many other items will be offered for sale. A fishing pond, filled with surprise packages will be available for the kiddies. Homemade candies and cookies will also be sold.

Mrs. Thomas Holloway is president of the Altar Society.

Roy Ivie Gets Discharge From Navy

Other present were Dud Ivie, Mrs. I. N. Griffin and Miss Mary Griffin, of Denton; Pat, John and Cynthia Vickery of Richardson; Mrs. E. C. Fielder, Mrs. Weldon Shinpaugh of Fort Worth and Wayne Phillips of Port Arthur.

Sheriff Returns Ft. Worth Prisoner

Sheriff Floyd Williams and Constable Hester Lewis returned a prisoner to Fort Worth officers Thursday who was brought here this week to stand trial for passing and forgery, and parole violation. He was tried in 59th District Court, receiving a 3-year sentence on both charges. He is being held on other charges in Fort Worth.

Deputies Vaughn and Day picked up a West Collin man Wednesday and placed him in jail, charged with swindling by check.

Mr. and Mrs. Oscar Calhoun honored their son, Darvis Calhoun of Garland, with a birthday dinner at their home in Blue Ridge, on Sunday. Candles used on his birthday cake were the same ones used on his first birthday. A number of relatives enjoyed the delightful affair.

Mr. and Mrs. Brown Bailey and son Marcus of Midland spent the week end with Mrs. Bailey's mother, Mrs. Eugene Hoard.

Mr. and Mrs. A. C. Bullock are spending a few days in San Antonio.

Local Eastern Star Members At State Meet

A group of McKinney ladies represented the local Eastern Star at the Grand Chapter meeting held in Dallas this week. The meeting, which opened Monday night and continued through Thursday was held in Dallas' new Municipal Auditorium. This year's meeting was in celebration of the 75th anniversary of the Order of Eastern Star.

Attending from McKinney were Mrs. Karl Talkington, member of the Jurisprudence Committee of the Grand Chapter, Mrs. Mary V. Scott, Worthy Matron, and the following Past Matrons: Mesdames C. J. Young, Jim Lewis, Earl Milstead and Mary Stubblefield.

Others from here in attendance were Mrs. Bill Province, Mrs. Evelyn Williams, Mrs. Gomer Reese, Jim Lewis, Mrs. Bobby Glenn Lewis and Mr. and Mrs. George Moore of Melissa.

George Moncier Receives Injuries

George Moncier, employe of the McKinney Junk Company, received painful injuries Thursday afternoon when he fell from a truck. He was taken to the City-County Hospital in the Harris emergency ambulance where he received treatment for cuts about the head, and bruises.

Charlie Drake Hurt When Car Overturns

Charlie Drake of the Lowery Crossing Community, received a broken collar bone and other injuries when his car overturned near the Branch store, Saturday afternoon. The Harris Emergency ambulance rushed to Mr. Drake to a local clinic for treatment, after which he was removed home.

Activities Of Officers Routine

City Police report the arrest of six "Drunks" Monday night, other activities being routine.

From the Sheriff's office comes the report of 13 prisoners in the county jail Tuesday morning. Most of the activities were as usual. Deputies Vaughn and Day picked up a local Negro, charged with transporting.

Mr. and Mrs. Dick Horn and son, Kent, spent the week-end with relatives at Azle.

Mr. and Mrs. Joe Snapp have both had the flu but are now much improved.

Easy Laundry Appliances Announce New Consultant

Helen Kendall, who for more than 25 years has been Director of Appliances and Home Care for Good Housekeeping magazine, has joined Easy Laundry Appliances as consultant. The announcement was made today by Parker H. Ericksen, vice president and general manager of Easy and Jim Monroe, of Monroe Appliances in McKinney.

Mrs. Kendall, who has long been identified as an outstanding authority on home equipment, retired from Good Housekeeping last August.

Mrs. Kendall has gained a distinguished reputation for her crusading efforts in the laundry field and for her efforts to effect improvement in automatic equipment. Among the causes with which she has been identified are the development of a full range of water temperatures in automatic washing and accurate heat control for automatic drying. She has also been a champion of the cause of the combination washer-dryer.

Mrs. Kendall will work directly with Easy management in improving and expanding the line and will work closely with the planning and engineering departments in developing features. She will also help prepare Easy's booklets, informational material, and woman's page copy.

Mr. and Mrs. Joe Nations and children, Louise and Edward, Mrs. Fay Butler, Mr. and Mrs. Billy Short, all of Blue Ridge; Mr. and Mrs. James Turner of Copeville, Mr. and Mrs. Lee Jenkins, and Mrs. Curtis Short of Fort Worth all attended the Prison Rodeo at Huntsville recently. While there they visited the Sam Houston Museum.

Annual Homecoming Held Saturday At Allen High School

The annual homecoming for Allen High School was observed Saturday Oct. 19, 1957. Friends and Ex-Students met at 6 p.m. for a short get-together preceding the Allen-Prosper football game which was the highlight of the occasion. W. H. Mosely, Superintendent of Collin County Schools, and a former Superintendent of Allen Schools, gave the welcome address.

During a beautiful and impressive halftime ceremony, Miss Hattie Williams, attractive Senior of Allen High, was crowned as 1957 Football Sweetheart. Her escorts were co-captains Charles Chandler and Ronnie Crockett, who crowned Miss Williams and presented her with a lovely bouquet of red roses. Mascot Debbie Lou Weir carried the bouquet and her escort Ricky Vinson carried the crown.

Miss Williams and her escorts entered the field in a beautifully decorated float driven by Lee Rountree, Supt. of Allen School. She was escorted into a heart formed by the Allen Eaglettes, where she received her crown. The Eaglettes were led by Head Majorette Linda Morrow.

Prior to the Coronation of Miss Williams, the Allen High Football Sweethearts for the past 7 years were honored as follows: Joyce Moseley Angle 1950; Jo Ann Pollard Bachus 1951; Irene Crauk Hedgecoxe 1952; Neva Stratton Howlett 1953; Annie Smith, 1954; Lynn Cundiff 1955 and Sandra Miller 1956.

The Allen Eagles won their game from Prosper.

Edelweiss Club Has Guest Day

The attractive new Community Room of the Collin County National Bank was the setting for the Edelweiss Club's first guest day of the 1957-58 year on Friday, October 18.

Mesdames U. S. Arrington and John Gastrock were hostesses for the day, and with Mrs. Frank Martin, club president, welcomed members and guests as they arrived.

Msr. Theodore Leen gave the opening invocation and Mrs. Robert Williams, chairman of International affairs, introduced Rev. and Mrs. Findley Graham of Beirut, Lebanon, who gave the program. Mrs. Graham is the niece of an Edelweiss club member, Mrs. George Reinhardt, and all present felt it a rare privilege to hear about life in the near East through the eyes and ears of these two competent observers. The Grahams are Baptist Missionaries and have lived in Beirut for a number of years.

Color slides of Beirut and the country of Lebanon as well as views of Egypt as shown by Mr. Graham were an effective background for the commentary of Mrs. Graham about the peoples of these countries, the work of the missionaries and their projects.

To close the talk, Mr. Graham spoke briefly regarding the religious and political problems of the Near East, stressing especially the Israel-Arab situation and the efforts of Soviet Russia to gain a foothold there.

As a final courtesy, Mr. Graham answered questions from the audience and invited inspection of a group of dolls dressed in characteristic native costumes and fabrics woven in the rich colors and textures used in these countries.

During the social hour the hostesses served cake and coffee to guests and club members. Among those present were the following out-of-town guests, Mr. and Mrs. Warren B. Cochran of Pampa, Mrs. Ida M. Grundy and Miss Frances Jones of Amarillo and Mrs. Burris Babin of of Texas City. McKinney guests were Mrs. Moselle Allen, Mrs. Walter Massie, Mrs. Jack Anderson, Mrs. W. H. Howell, Mrs. Adam Bond, Mrs. Mrs. Laud Howell, Mrs. W. K. Penn Sr., Mrs. Bryant, Mrs. Gibson Harris, Mrs. E. L. Kissinger, Miss Rosa Reeves, Dr. and Mrs. Charles Myers, Mrs. Lyman D. "Music In Therapy" En Avant Program

Music was the theme of a most informative program presented to the En Avant Club on Friday afternoon, October 18. The meeting was held in the home of Mrs. Paul Worden, 1308 West Lamar Street, at 4 o'clock. Mrs. D. F. Douglas, president, was in charge of the business meeting.

Mrs. J. B. Mooney and Mrs. Malcolm Wilson were leaders for the afternoon, the former selecting "Musical Therapy," and how it is used in aiding, and restoring mental, physical and spiritual health.

Mrs. Mooney illustrated her talk with articles from Readers Digest, which related many instances of how music had played a most important part in treatment of the depressed. Of particular interest was her reference to the little Gray Lady in a Philadelphia Hospital, whose piano selections helped those who were sick of heart as well as body. Her music was responsible for the Hospital Music Division of the Gray Ladies.

Music has won its place in other phases of treatment, especially Dental work, because of its effect in relaxation of patients. At this point Mrs. Mooney explained how it is used in this practice.

Her closing thoughts were on the great humns, which convey man's deepest emotions, and the instances of how many of them are written. All in all, she referred to Music Therapy as pleasure for the person who gives it and for the person who receives it.

Mrs. Wilson's discussion of "Therapy in Dancing" began with the origin of dancing, when it was used in religious rites in the early day church. She next took up the Ballet, also an early artwhich was presented between acts of plays, but a different type of dance, we now know, which was introduced in the 19th century. She referred to the American Indian, whose dances stood for many things—worship, love, crops, death, rain, and many others.

She briefly discussed Folk Dancing, and then returned to the Ballet, illustrating with personalities responsible for its progress in the modern world. She referred to a ministerial student, who was stricken with paralysis, and turned to dancing as a therapy for cure. He was the first to introduce Ballet dancing for men. Most of his work as a religious type dance.

In tracing dancing through the ages to the present time, Mrs. Wilson called attention to the success of June Taylor, one of the country's best known choreographers in staging television and industrial shows. It was interesting to note she studied when a small child, and was teaching at the age of 13.

Both talks proved most interesting, and the En Avants were delighted with the information brought them on this occasion.

During the social period a delicious salad course was passed with sandwiches, cake and coffee. Mrs. Frank W. Smith presided at the silver service.

The Wordens home was abloom with arrangements of roses, zinnias and other autumn flowers.

The next meeting will be in the home of Mrs. J. C. Stewart on November 1 at which time Mrs. W. R. Hollis will be program leader.

Mr. and Mrs. Kenneth Hill of Dallas spent the week-end with her parents, Mr. and Mrs. Grady Quillan of Climax.

John Wells Will Again Head Soil District Board

John Wells of Plano was elected by the Collin Soil Conservation District Board to succeed himself as Chairman. Wells has served three years as Chairman of the Board and served as Vice-Chairman since the beginning of the District in 1946.

J. O. Sterling of Van Alstyne and B. C. Wood of Wylie were continued in office by the recent election as Vice-Chairman and Secretary, respectively. Eldon Jean of Farmersville was welcomed to the Board as its new member, replacing George Webb of Nevada, retiring from sub-division No. 4. C. E. Cantrell of Princeton was the other member attending. He served several years as Secretary and has served since the beginning of the District.

The Board made plans to prepare its annual report early this year in order to have printed copies available for the state meeting of Soil Conservation District Supervisors in January. Copies of this report will be mailed to each of the 1,700 district cooperators.

The District - owned equipment has presented a problem in its operation because of the difficulty of keeping up with the location of each piece and the collection of rental fees. The Board plans to select additional custodians to look after the equipment, such as grass seed drills, legume planters and Bermuda sodding machines if they are to continue making this service available.

Flood prevention easements were signed by the Board, making Sites 26B, 27, 29, 29A, and 36 of the East Fork Watershed above Lavon eligible for construction as funds become available.

Morrison Liston of the McKinney Soil Conservation Service work unit reported that the Soil Conservation Service flood prevention unit had accepted structures on Sites 31 and 33 of Sister Grove Watershed. They also accepted the earthwork portion of Sites 1A and 1B of Wilson Creek Watershed, according to a statement by Joe Cooper, head of the Flood Prevention Unit at McKinney. Three other Wilson Creek Watershed sites are now under construction. They are 3C, 3D, and 5A, situated just southwest of McKinney.

Seventeen new District agreements were signed, adding 1,676 acres of land to that now cooperating with the District. Of these one was from Farmersville SCS work unit area, four from Rockwall, ten from McKinney and two from Van Alstyne.

Winter Lugumes Are Offered Under ASC Program Here

This is the time of year to seed Winter Legumes and many farmers are now making requests for seed and fertilizer. A cover of legumes during the winter months will prevent the erosion of the land and greatly increase the yields the following year.

The Federal Government will help approximately 50 per cent of the cost of the seed and fertilizer for the planting of legumes under practice D-1. The legumes on which cost-sharing is offered are—AUSTRIAN WINTER PEAS, DIXIE WONDER PEAS, SINGLETARY PEAS, BUTTON CLOVER, HAIRY VETCH. Assistance is also offered on the following grains when planted with any of the above legumes—OATS BARLEY, RYE, AND RYEGRASS. The final date for planting under this practice is November 30th, 1957.

Other practices on which cost-sharing is available at this time are TERRACES, EROSION CONTROL DAMS, LIVESTOCK WATER DAMS, WATERWAYS. Cost-sharing is also offered on the Initial establishment and improvement of pastures.

The County ASC Committee urges all farmers desiring to carry out the winter legume practice or any of the others to file their requests at County ASC Office, 123 S. Tenn. St., McKinney, Texas and obtain their prior approval before the practice is started. The committee will consider all requests each Monday.

Mr. and Mrs. Albert Brookins and Mrs. Beula Aston of McAlester, Okla., were recent guests of Mrs. Tom White in Blue Ridge.

Mr. and Mrs. Tommy Wilson and son, of Richardson were visiting with relatives and friends in McKinney Thursday.

Mrs. Basil LaFollette, of Dallas, was visiting with relatives and friends in McKinney one day this week.

Sheriff Floyd Williams took two prisoners to Huntsville Wednesday to begin sentences in the State Penitentiary.

Mrs. Geneva Rich of McKinney spent Saturday night in the home of her brother, Chester Driggers and family, Route 1, Blue Ridge.

▶ ONE OF the latest of all parties that is being thrown in the big cities is "A Sputnik Watch Party." At one party a report says that those attending had a few too many shots of "Vodka". About the time old Sputnik was to make his appearance overhead the remark was made that "Sputnik" was loaded with Vodka because it was leaving a trail of smoke behind—meaning old Sputnik was all smoked up. So were members of the party.

▶ THE VOTERS went to the polls in McKinney Monday and decided that they were tired of driving over the "worn out streets' in Big McK. This is a program of progress for the future of McKinney. Streets make a tremendous impression on folks that want to move to a community. Your Home Towners have always contended and still do, that we have the finest town and the best folks on earth that make up its citizenship. And when you look around you find:

New homes being built.

New County Hospital now under construction.

Renovation of our Veterans Hospital.

New 4-lane Highway to be opened soon.

New people moving to our town.

Report from McKinney merchants that business is good.

These and many other fine things are happening in our Home Town.

Now—"Let's do something about that muchly discussed and cussed useless Coliseum—let's follow through City Commission and make possible a meeting place for folks that can and will come our way—

"Let's Keep The Green Lights On."

▶ SEE WHERE Secretary of Agriculture Benson will leave on a 24-day tour around the world at the expense of the tax payers. What Benson had better do is stay at home and try to help our own farmers. Also see where his daughter that will make the trip as his social secretary. If Benson messes up the Farmers in Europe as he has our own American farmers, they are going to be in one heck of a shape.
